# OUR SOLUTIONS

01.

## End of Section checkpoints/reports

- Less content per section review leads to more correct answers
- Frequent positive feedback for accurate responses

02.

## Open Ended Review Question Filtering

- Encourages critical thought about the reading
- Prohibits meaningless responses

03.

## Content Review Hyperlink for Question Reattempt

- Provide a hyperlink to the specific area that the question covers
- Create a delay between re-attempts
